

Who we are

ACM BUSINESS AVIATION HANDLING GmbH is a service provider for inbound and outbound business aircraft from around the world at Baden-Airpark, handling the aircraft at the Business Aviation Terminal. Our high-quality services are characterized by the flexible, professional, and discreet readiness of our employees.

To strengthen our team at Baden Airport, we are looking for new members to join us as soon as possible

### Ramp Agent (m/w/d)

Your tasks with us

- Monitoring and coordinating the handling of aircraft
- Towing and hangaring of aircraft
- Basic technical work to ensure flight readiness

What we would like from you

- A completed technical or craft vocational training
- Good German and English skills
- Class B driver's license
- High service orientation and a friendly demeanor
- Willingness to work in shifts

What we offer you

- Flat hierarchies, direct decision-making paths, and an open working environment
- Modern, international work environment directly at Baden-Airpark with employee parking including 10 EV charging stations, free beverages, and organic fruit
- Certified training and development opportunities
- 30 days of vacation and numerous employee benefits in tourism (e.g., discounted tickets or hotels), corporate benefits, and JobRad, regular employee events, and a familial atmosphere with encounters at eye level
